THE GOLDEN SIDE.

There is many rest in the path of life,

If we only could stop to take it;

And many a time from the better land

If the querulous heart would wake it;

Better death's quiet than thy disdain;

I go to fill in some distant war,

Bearing in battle my loved guitar.

Answered the lady: "Well hurry and go!

I'm holding the slop basin, ready to
throw."

LOVER.

(Slightly disgraced.)

Chide me not harshly, O lady fair!

Bend from thy latice and hear my
prayer.

Sing for thee, I wander afar;

Mournfully touching my guitar.

And the lady answered: "You stupid
thing,

If you've got the catarrh, stop trying to
sing!"

LOVER.

(Making immediate preparations to de-

part.)

False one, I leave thee: When I'm at
rest

Still shall my memory haunt thy breast;

A special vision thy joy shall mar—

A skeleton touching a soft guitar.

From the lady's window, her dulce

tones,

On the night wind floated: "Go it old
bones."

Then the love in agony roamed afar—

SATURDAY, DECEMBER 8, 1874.

Banner Presentation.

The Committee appointed by the Democratic club of Jacksonville, having awarded the Banner to Peck's Hill last Thursday, 26th Nov., was appointed by them for its reception. The Banner is very neat and handsome, was made by the young ladies of this place, having inscribed on one side "Democracy," on the other, "The Banner Best of Calhoun."

There were about 400 people present from all parts of the county. The Banner was presented by J. T. Martin, Esq., who made a very pretty and appropriate speech, and gracefully received by Rev. John A. Glenn, in like manner. After which Capt. Wm. M. Haunes was called upon and responded in a brief and eloquent speech.

After the presentation, the ladies and gentleman assembled were invited to a bountiful and sumptuous dinner, prepared by the citizens of the neighborhood.

After dinner Col. Parr addressed the colored people who were present. The day was bright and beautiful, and nothing occurred to mar the joyous occasion, as remarked by an old Democrat present, it was calculated to remind one of the good old days of the past.

It is not improper to remark here, that several other Bents in the County came within a fraction of one vote of obtaining the Banner; among them Sulphur Springs, Maddox, June Bug, Rabbit Town, and No. 8; and it was no easy matter for the committee to come to an impartial decision.

FIRE.—On Wednesday evening, a short time after dark, the cry of fire was heard, which was found to be at the one story frame dwelling back of Stevenson's corner, which is the Southwest corner of the public square. The alarm was occasioned by the bursting of a kerosene lamp, which had been left burning in the hall on a small table. The light was immediately noticed across the street and Mr. Eric Pace ran over, broke the door which was locked, and promptly extinguished the kindling fire. But for this, the building would soon have been in blaze, and the whole western side of the public square burned.

A singular good fortune has attended this place about fire; no disastrous one ever having occurred since its first settlement; although in a number of instances, dangerous fires have started and been promptly extinguished before getting under way.

We understand that the Hose, the chief dependence of the fire company, is in totally useless condition; and we think this last warning ought to spur them to have its place supplied with a new one; or if they are unable, the town Council or citizens ought to help raise funds to purchase a new outfit. It is said that half the size of the old one, would be more efficient and much cheaper.

What Congress can do this Winter.

The thoughts and hopes of the country are so steadily fixed upon the period of the assembling of the next Congress, with the exception of a majority and its wealth of honesty and ability, and its wealth of knowledge, it seems to be quite forgotten there is work to be done for the present Congress, now about to assemble; if it so please, in spite of its hide-bound membership and its inherent corruption. Mr. Garfield's Committee on appropriations is already reported to be in industrious session and in constant communication with the heads of bureaus in the department of Grant's government.

The country should know that, if these heads of bureaus, and that committee do their duty in the most common-place and with the most ordinary fidelity, they could do the work of the Mexican War adopted. A joint resolution requesting our Senators and Representatives in Congress to vote against Sumner's civil rights bill created some discussion; an amendment to the resolution was adopted striking out our Senators and inserting our Senator, as it was not desired to recognize Sutler Spenser. A bill to prevent the killing of inoffensive birds in the winter was introduced into the Senate, and referred to the Select Committee on Indian Affairs, and that committee did its duty in the same spirit as the Select Committee on Indian Affairs did in the Mexican War.

The Spanish army it is said, numbers 200,000 men fully armed, and there are 400,000 men who are waiting for arms which have been ordered from the United States.

It is believed in Washington, that there will be no Congressional action on the financial question this winter.

A fight occurred yesterday near Shanty, Pa., between Italian miners and citizens, in which four Italians were killed and several wounded.

The Spanish army it is said, numbers 200,000 men fully armed, and there are 400,000 men who are waiting for arms which have been ordered from the United States.

A violent storm prevailed on the east coast of Scotland yesterday. Many casualties, with heavy loss of life, are reported.

Mass was celebrated yesterday for the first time in Berlin by a priest of the Old Catholic Church.

The municipal election in Paris have resulted in the election of fifty three candidates, ten moderate Republicans, and eleven Conservatives.

Kakauka I., King of the Sandwich Islands arrived in San Francisco yesterday.

The sympathizers with the Bishop of Paraná and Para, who were recently punished for violation of the Brazilian ecclesiastical laws, are creating serious disturbances. Troops have been sent to the scene of the trouble.

It is estimated that the Legislature is making a little too much time for the work it has done. The Democrats in the Legislature should keep in view the fact that the people of the State have great expectations from this Legislature, and will be justly indignant should they be disappointed.

Bills were introduced to prevent the burning of car shells, trains of cars, cotton and corn houses, and provides for penalties.

To provide for a place of safety for people acquired on account of insanity.

For better protection of agricultural laborers.

To prevent legislation in favor of railroads where the individual managers or owners are alone interested.

To enquire into the indebtedness of the State to the South and North railroad, and the roads indebted to the State.

To abolish the Balfour city court.

To provide for the payment of debts and remittances of all states other than State obligations which are or may be lawfully made receivable in payment of fines and forfeitures in any of the courts of this State.

Hamilton introduced a bill repealing sections 1 and 3 of act extending jurisdiction and power of port, warden and harbor master at Mobile.

The Senate passed a bill to give employees some sum for advances as landlords have for rent.

To repect the act protecting farmers in the sale of fertilizers.

To make it unlawful for any person to

buy or receive, sell or carry away, any agricultural produce after the hour of sunset, and before the hour of sunrise of the succeeding day, and any persons violating the provisions of this act shall be guilty of a misdemeanor, and shall be convicted by fine, not less than five hundred dollars, and may be sentenced to hard labor for the county not longer than twelve months, the whole object being to break up what are known as deadfalls.

The following bills were introduced in the House:

Another ridiculous civil rights bill.

To require tax collectors to receive State obligations in payment of taxes.

To prohibit corrupt use of county funds by commissioners.

To enable married women to mortgage their estate.

For the protection of day laborers and mechanics.

To repeal the act creating state inspectors of fertilizers.

The balance of the day up to 7 p. m. was spent on Barbour election case.

Mr. Francis introduced a bill to appoint W. P. Newnam, County Superintendent of Madison county. Which was read three times under a suspension of the constitutional rule and passed. Yes—n—n—l.

REPORTS OF COMMITTEES.

Mr. Smith from Committee on Claims, reported that large numbers of claims for services rendered by teachers, &c., filed in the office of Superintendent of Public Instruction under an act of the Board approved December 1, 1873, a defective clause of said act making it impossible for the Board to pay State and county taxes as individuals; to take away fees paid Sheriffs and Probate judges, and to pay the expenses of the trial of suits for the recovery of anything of value of the amount of \$100,000.

Mr. Box from Committee on Revision, reported adversely to bill to provide for election of County Superintendents, to require railroads to pay State and county taxes as individuals; to take away fees paid Sheriffs and Probate judges, and to pay the expenses of the trial of suits for the recovery of anything of value of the amount of \$100,000.

REPORT OF COMMITTEES.

Mr. Smith from Committee on Claims, reported in favor of the bill to regulate the apportionment and disbursement of the school money of the county of Mobile. The report was received and concurred in, and the bill read a third time and passed.

Mr. Maris presented a communication from M. C. Kinnard, Refused.

On motion of Mr. Smith the Board adjourned until 11 o'clock m. Monday.

MONDAY, NOV. 30.

Board met pursuant to adjournment, President McElroy in the chair.

Prayer by Dr. Carlos G. Smith.

The Journal of Saturday read and approved.

CALL OF DISTRICTS.

Mr. Oliver, a bill to \$5 entitled an act to provide for filing and adjusting all claims against the Educational Department, which accrued prior to Oct., 1874. Referred.

REPORT OF COMMITTEE.

Mr. Miller, whose seat is being contested by Gen. Martin, asked leave of absence for a week or during the time the contest was not for consideration. Fardon who is a member of his party, and his son, a member of the Constitutional and Educational Committee, voted for him. He was silent by Miller who said he did not desire it that the evidence was already here.

Jere Harlan, a resolution to inquire into the propriety of paying Solicitors a salary instead of fees. He said he knew some Solicitors who were no better than those they prosecuted—adopted. Jere also introduced a bill, which was referred to the Board of Education fixing the fees of Constables in Dallas county.

The Barbour contest comes up to-morrow when lively times are anticipated. The negroes have declared war, and the negroes, although in a number of instances, dangerous fires have started and been promptly extinguished before getting under way.

We understand that the Hose, the chief dependence of the fire company, is in totally useless condition; and we think this last warning ought to spur them to have its place supplied with a new one; or if they are unable, the town Council or citizens ought to help raise funds to purchase a new outfit. It has been estimated that of 12,000 women in America, 11,000,000 wear calico dresses; more or less; that the spirit of economy has, during the past year induced them to forego one dress apiece from their outfit; that the average calico dress contains eleven yards, and that, consequently, there has been a loss to the trade by this retrenchment of 121,000,000 yards. This is nearly the entire product of all the mills of Massachusetts for a year.—*Huntsville Independent.*

In 1830, Dan Stone, of Cincinnati, was a candidate for the State Legislature.

Walking up Main street on the morning of the election, he overtook an acquaintance going to the polls, and intended to vote the abolition ticket.

Stones solicited his vote. "We are old friends," said his friend, "and I know you will show a friend that mark of kindness."

Perry spirit was then comparatively quiet. The voter replied, "Well, Dan, you are a pretty clever fellow. I care if I do." The vote elected Stones.

We take pleasure in calling the favorable attention of our readers to the advertisement of THE NEW-YORK TRIBUNE, published in another column of this paper. THE TRIBUNE has fairly earned its place in the estimation of the people for reform and integrity in governments, for candor and independence among newspapers. During the campaign which has just closed THE TRIBUNE has fully maintained its right to the title of "Leading American Newspaper." This position it has earned and retains for the following among other reasons:

It publishes all the news, earlier, more fully, and more intelligently than any other paper.

It insists on peace throughout the whole country, the right of local self-government, and the protection of all classes in the exercise of their just legal rights.

It advocated confidence and good feeling between North and South, and labors for an honest and abiding reconciliation.

It maintains fairness and candor toward all public men and questions, and dignity and courtesy toward associates and rivals.

It publishes scientific news, reports, discussions and discoveries to a degree offulness and accuracy never before attained by any paper.

It gives every week ten or more columns of the most carefully prepared agricultural matter during the year, much more in the entire contents of any other agricultural publication, and the whole forming a department which is an eminent agricultural editor said: "It has done more to make good farmers than any other influence which ever existed."

It has published a series of scientific and literary extras which have met a wider sale and more emphatic popular approval than any similar publication of the kind.

WHAT THE SOUTHERN PRESS SAY OF THE TRIBUNE.

We consider THE TRIBUNE a very valuable paper.—Ashville (N. C.) Citizen.

THE NEW-YORK TRIBUNE, in its faithful and searching exposure of outrage slanders on Alabama and other States, has done infinite service to truth and justice.—Montgomery (Ala.) News.

The best newspaper in the world is the NEW-YORK TRIBUNE. It combines the dignity and sagacity of the London Times with the rapidity and boldness of the American.—(Montgomery Bulletin).

A paper to be admired for its independence of tone and its reliability of news.—(Baltimore, Md.) Evening Star.

Any one who wants a first-class paper to keep him with the times, in literature, science and music should subscribe to THE TRIBUNE.—(Spartanburg, S. C.) Carolina Spartan.

The imperial sheet of the world, THE NEW-YORK TRIBUNE.—The Jacksonville (Fla.) New South.

THE NEW-YORK TRIBUNE, is undoubtedly the first of American news papers; whatever may be said of its rivals, and very creditably does it represent the country.

American newspaper enterprise is probably at this time more fully illustrated in the recent issue of THE NEW-YORK TRIBUNE than in any other journal.—(Wilmington (N. C.) Star.)

Unequaled in culture, dignity, comprehensiveness breadth of scope, and intellectual fertility; replete by no party ties, bolted indecencies of speech and hysterics with no wild ravings.—(Richmond (Va.) Agricultural Journal.)

Surely the paper has maintained successfully the high popularity which he began to it, and the name of which is abundantly deserved even more justly than at any time during Mr. Greeley's life.—(Va.) Index Appeal.

A Valuable Medical Treatise.

Hostetter's United States Almanac for 1875; for distribution in the United States, and all civilized countries of the Western Hemisphere, will be published about the first of January, in the English, German, French, Norwegian, Welsh, Swedish, Holland, Bohemian, Spanish languages, and all who wish to understand the true philosophy of health should read and adopt the valuable suggestions it contains.

In addition to an admirable medical treatise on the causes, prevention and cure of a great variety of diseases, it embodies a large amount of information interesting to the merchant, the mechanic, the miner, the farmer, the planter, and professional man; and the calculations have been made for such meridians and latitudes as are most suitable for a correct and comprehensive National Calendar.

FOUNDED BY HORACE GREENLEY.

In the recent elections the people have demonstrated a love of honesty in politics and independence in journalism.—THE TRIBUNE which years ago declared that it was not and never more would be a party organ, claims the Virdict, as the popular vindication of its cause and recognises in the result of the election the voice of the people for reform and integrity in governments, for candor and independence among newspapers. During the campaign which has just closed THE TRIBUNE has fully maintained its right to the title of "Leading American Newspaper." This position it has earned and retains for the following among other reasons:

It publishes all the news, earlier, more fully, and more intelligently than any other paper.

It insists on peace throughout the whole country, the right of local self-government, and the protection of all classes in the exercise of their just legal rights.

It advocated confidence and good feeling between North and South, and labors for an honest and abiding reconciliation.

It maintains fairness and candor toward all public men and questions, and dignity and courtesy toward associates and rivals.

It publishes scientific news, reports, discussions and discoveries to a degree offulness and accuracy never before attained by any paper.

It gives every week ten or more columns of the most carefully prepared agricultural matter during the year, much more in the entire contents of any other agricultural publication, and the whole forming a department which is an eminent agricultural editor said: "It has done more to make good farmers than any other influence which ever existed."

It has published a series of scientific and literary extras which have met a wider sale and more emphatic popular approval than any similar publication of the kind.

WHAT THE SOUTHERN PRESS SAY OF THE TRIBUNE.

We consider THE TRIBUNE a very valuable paper.—Ashville (N. C.) Citizen.

THE NEW-YORK TRIBUNE, in its faithful and searching exposure of outrage slanders on Alabama and other States, has done infinite service to truth and justice.—Montgomery (Ala.) News.

The best newspaper in the world is the NEW-YORK TRIBUNE. It combines the dignity and sagacity of the London Times with the rapidity and boldness of the American.—(Montgomery Bulletin).

A paper to be admired for its independence of tone and its reliability of news.—(Baltimore, Md.) Evening Star.

Any one who wants a first-class paper to keep him with the times, in literature, science and music should subscribe to THE TRIBUNE.—(Spartanburg, S. C.) Carolina Spartan.

The imperial sheet of the world, THE NEW-YORK TRIBUNE.—The Jacksonville (Fla.) New South.

THE NEW-YORK TRIBUNE, is undoubtedly the first of American news papers; whatever may be said of its rivals, and very creditably does it represent the country.

American newspaper enterprise is probably at this time more fully illustrated in the recent issue of THE NEW-YORK TRIBUNE than in any other journal.—(Wilmington (N. C.) Star.)

Unequaled in culture, dignity, comprehensiveness breadth of scope, and intellectual fertility; replete by no party ties, bolted indecencies of speech and hysterics with no wild ravings.—(Richmond (Va.) Agricultural Journal.)

Surely the paper has maintained successfully the high popularity which he began to it, and the name of which is abundantly deserved even more justly than at any time during Mr. Greeley's life.—(Va.) Index Appeal.

THE RUBY and the ROSE.

He was the lord, of the flower; she, the rose. She had her beauty for her bower, Nor other treasure needed she:

He came, when hawthorn were a-flower, And strove to steal my love from me

Oh! she was sweeter, than the wind That bleweth over Indian Isles;

As April bright, than June more kind. Fair-wild, and full of wondrous wiles. And I, who had learned to find

My only life, beneath her smile.

THE LEGISLATURE.

Two Acts of Justice.

The House yesterday administered a quiet rebuke to Granny Rice, late Secretary of State, and Ben Gardner, late Attorney-General, by turning out three negroes elected as Representatives for Barbour County by those who had been

Mr. George E. May, of Alabama, selected by the people of Barbour County. With the details of this little transaction our readers are very familiar.

In the House report this morning, the law applicable to the facts will be found. By instituting these negroes, the House has not only vindicated its outraged dignity, but it has established a precedent for the guidance of ambitious ministerial officers in the future.

It is to be regretted that there is no law to pursue and punish the conspirators who perpetrated the wrong.

The proceedings of the Senate are reported in full. They are at once eloquent and concise. So far, at least, as they relate to the processions. So far, at least, as they relate to the election of Gen. Martin, who was chosen, "out of all the men in the state," by his constituents.

They show that the true issue is not the rights of the negroes, but the rights of the white men. The House, in its report, disclaims regard for the rights of the negroes, but it would suffer no appeal to be taken.

Constituted by the Senate, but not without protest. But when the people turned McKinstry from power, and placed an honest man in the seat he had disgraced, the long-burdened, but forgotten proceeding, cut off in their unfinished

state, was brought up again by Senator Goldthwaite of Alabama, and the Senate submitted the bill to the House.

On the 2d of November, the Senate rejected the bill, and the House passed it.

On the 3d of December, the Senate passed the bill, and the House rejected it.

SATURDAY, DEC. 12th, 1874.

Editorial Correspondence.
MONTGOMERY, ALA., Dec. 8, 1874.
Editor, Republican:

I have not written a letter before, because I observed that you were copying the proceedings of the Legislature from the regular report, as published in the Montgomery Advertiser, and from the correspondence of the Mobile Register and the Selma Times.

Besides, while it is easy for an outsider to write freely of the proceedings of a body of which he is not a member, it is difficult for one who is a member of that body to do so; to play the critic is to lose favor and influence. However, as I have promised to write, without going into details, I shall try to give you a general resume of the important work of the Legislature from the beginning until to-day.

At the very outset of this session, the Radical minority in the House began to delay and obstruct legislation by parliamentary tactics. It is proper that your readers should understand that the majority cannot choke down a minority over two-thirds even four-fifths and do as they please, without doing violence to the constitution, and consequently their rights. For instance we cannot cut off the Senate to pass a bill.

Good movements are also making in relation to ascertaining the liabilities of the State for Railroads, and the appointment of Commissioners to compromise and settle State indebtedness.

ALABAMA LEGISLATURE.

Briefed Expressly for theAdvertiser.

SENATE—NINETH DAY.

TUESDAY, Dec. 8.

The Senate proceeded to the consideration of house bills and restrictions.

To provide for raising a joint committee of the two Houses to examine and report a bill, if necessary, to regale to the Board of Equalization. Adopted.

To repeal an act imposing an act to protect this State from imposition in the sale of fertilizers approved March 8th 1871. Read three times and passed.

SENATE—XXTH DAY.

MONDAY, Dec. 4th 1874.

Senate met pursuant to adjournment. Prayer by Rev. Mr. Jones, of this city. Journal of Saturday was read and approved.

Mr. Terrell gave notice, as a privilege, that he would move to reconsider the vote of Saturday, whereby Mr. Dyer's protest in the Martin-miller contest was spread upon the journal.

MESSAGE FROM THE GOVERNOR

was received, as follows:

EXECUTIVE DEPARTMENT.

Dec. 7th, 1874.

To the Senate.—With the view of ascertaining the State's indebtedness, as well as that arising from its endorsement for Railroads and for the further purpose of making an effort to adjust and arrange such indebtedness, I ask your consideration of the subject, and recommend that you enact a law, authorizing the Governor, by and with the advice and consent of the Senate, to appoint two commissioners, who shall be appointed of this State, to whom shall be committed the question of the whole of such indebtedness with full power on the part of the commissioners to adjust, arrange and compromise, any part, or all such indebtedness, as they may think advisable; requiring them, however, before their action shall be obligatory upon the State, to report the same to the next session of the General Assembly, after being received by him, for approval and satisfaction.

Very respectfully,
GEORGE S. HOUSTON,
Governor of Alabama.

On motion of Mr. Cobb, the message was referred to the joint committee on the State's connection with Railroads in the matter of endorsed bonds.

Mr. Inzer, to confer jurisdiction on Probate Judges, to make and compel certain settlements therein mentioned.—Judiciary.

Mr. Cobb to present Judges from exercising the functions of their office while charges of impeachment are pending against them.—Judiciary.

Also to amend an act passed by the Senate against the passage of the civil rights bill. Jerry Harlan wanted to amend by adding "Senators" but this was lost. The Senate plainly said by its action, "We have only one Senator Goldthwaite." A most stringent bill in relation to bonds of county officers was passed in the Senate and with some possible amendments will pass the House. It will throw many dishonest officials in the black belt. The remainder of the day was consumed in debate over the journal against the unseating of Miller.

The call of counties consumed most of the day and the number of bills introduced was innumerable, most of which were introduced and will never see the light of day from committees. In fact it is not more than one twentieth of the bills introduced that get through. The judiciary committee this morning reported favorably to four bills and adversely to tea and it was not a good day for adverse reporters. Most of the work is done in committees, the body of the House usually taking it for granted that the committee has thoroughly examined the subject in hand and have correctly reported. To-day the Ways and Means Committee slaughtered a large number of bills, allowing me to peddle with license and the House concurred in the Report of the committee. A bill was passed repealing the act authorizing the several counties, towns and cities in this State to subscribe to capital stock of railroads. To-morrow we will doubtless take up Senate measures and pass many bills. The Ku Klux act will also be repealed in a few days—that is the act authorizing suits against counties, such as the Luke suit.

THE STATE GRANGE
has met and gone. The attendance was good and much important work was done. Bfo. Jones was deposed.

THE GRAND LODGE

is in session here now. Many men from Calhoun and Cherokee county whom I know are here in attendance.

L. W. G.

THE DISTURBANCE IN MISSISSIPPI.

At the latest date all was quiet at Vicksburg, but armed negroes were reported to be massing at a point further off an threatening to attack and destroy the city. If they make the attempt startling news may be expected.

Ways and Means.

Mr. Stalworth, to amend section 3517 of the Revised Code. [Makes companion to Probate Judges no more than \$250 for their entire term, for *ex officio* services.] Judiciary committee.

CALL OF COUNTIES.

Republican

SATURDAY, DEC. 19th, 1874.

The Legislature.

Mr. L. W. GRANT, of the Jacksonville *Republican*, is one of the rising men of the State. He is always attentive and at his post of duty. The following extract from a recent letter he has written to his paper gives a clear statement of the causes which have so far impeded legislation.—*Montgomery Advertiser*.

[Here follows an extract from the letter signed L. W. G., published in our last paper.]

LAST NOTICE

and

Fair Warning.

We have heretofore made a liberal proposition to all who are indebted for subscription to this paper, to receive the advance price of \$2 per year, up to 1st January, 1875. We have also proposed to subscribers living out of the county, to receive from them for back dues, \$2 per year, and to pay the postage for all who furnished their papers by paying in advance for one year. The new postage law, which go into effect on the 1st day of January, requires all postage to be paid quarterly in advance, on papers sent out of the county where they are published.

Comparatively few have yet responded to our proposition, and to those few, we are sincerely thankful; and although the time is short, we hope many others will avail themselves of the advantages offered.

SAD CASUALTIES.—On Tuesday evening last, Jesse Ellis, a little nephew of Col. G. C. Ellis, was thrown from a horse against a rail in the fence corner, the flesh torn from his side, and very serious and painful injury inflicted. It was at first thought it would prove fatal, but we are glad to learn that he is recovering.

On some day, a little girl, some three years old, daughter of Mr. & Mrs. B. C. Wyly, was very severely burned by her clothes taking fire.

These little sufferers, with their parents and friends, have the sincere and heartfelt sympathy of our entire community.

In accordance with usual custom, we will publish a half sheet Christmas week; in which we will however keep up with the current of important news.

It will be seen by reference to advertisement of Sale by M. J. Turnley, that it was postponed to 30th Dec. This postponement has been caused by unavoidable absence.

THERE will be Divine service at St. Luke's Episcopal Church on Christmas Day. Everybody invited to attend.

SATURDAY, DEC. 26th, 1874.

LAST NOTICE and Fair Warning.

We have heretofore made a liberal proposition to all who are indebted for subscription to this paper, to receive the advance price of \$2 per year, up to 1st January, 1875. We have also proposed to subscribers living out of the county, to receive from them for back dues, \$2 per year, and to pay the postage for all who continued their papers by paying in advance for one year. The new postage law, which goes into effect on the 1st day of January, requires all postage to be paid quarterly, in advance, on papers sent out of the county where they are published.

Comparatively few have yet responded to our proposition, and to those few, we are sincerely thankful; and although the time is short, we hope many others will avail themselves of the advantage of freed.

For the publication of the following, from the *Montgomery Southern Plantation*, or any similar notice, the senior Editor of this paper is alone responsible. We think it but a simple act of justice to the friends and constituents of the gentleman named.

HON. L. W. GRANT, OF CALHOUN.

The people of Calhoun county have been fortunate in the selection of their Representative. Although not often participating in the debates, Mr. Grant has always been at his post, and has won a deserved reputation as a watchful and fearless exponent of the wishes and interests of his constituents. Mr. Grant is the youngest member of the House on the Democratic side.

Well, "the long agony is over," and L. E. Parsons has been appointed Judge of the District Court of the U. S. for Alabama, in place of Busteed, resigned. We are not glad that Parsons has been appointed; and yet, "since it is not better, we are glad it is no worse." But we are glad that unprincipled McKinstry, "poor" Dave Lewis, sneaking, negro-equality, nasal-twang White, and many others no better, have been disappointed and defeated. And we are furthermore glad that this great government has not quite one fat office apiece, for each and every one of the renegade, broken-down politicians, who have been scorned and repudiated by their own people, whom they best.

We invite attention to the notices of the commencement of the 2nd session of Calhoun College and Jacksonville Female Academy. If competent and faithful teachers, in industrious and energetic discharge of their duties, followed by rapid advance of the pupils, entitle any institutions to public favor and patronage, these surely have fairly earned it. We earnestly hope the new session will open under encouraging auspices.

The following letter was received last week but too late for insertion in that paper. It will however, not be without interest to our readers.

Editorial Correspondence. MONROVIA, ALA. Dec. 19, 1874.

Dear Republican: Since my last letter there have been many important measures introduced in the Senate and House, among them a Senate bill to authorize the Governor to appoint two Commissioners to examine and adjust the debt of the State, the same to be reviewed and approved by the General Assembly. The bill will doubtless pass to-morrow, but the Radicals are opposing it at every step. Of course they want to hamper the present Democratic Administration and oppose anything that looks to an equitable settlement of the State's liabilities. Nevertheless the bill will, if not to-morrow, pass on a reassembling of the Legislature and two competent and honest men will be put in position to look after the whole bonded liability of the State, and adjust the same on some basis consistent with our ability to pay, whose acts are subject to the scrutiny and approval of the General Assembly. This is the cheapest method of getting out of our present difficulties, as otherwise the General Assembly would have to consume thousands upon thousands of dollars worth of time looking into the matter, and then, perhaps not perform the work as effectively as two Commissioners, thoroughly competent and conversant with the work.

To-day the House has consumed most of the day on the consideration of a bill introduced in the Board of Education by Mr. Francis, which provided for the disbursement of public school funds by the County Super's, instead of the present manner of disbursement by County Treasurers. The bill passed the Senate, to perfect it before adjournment, its friends will consent to allow the law to stand as it is as efforts are being made to deprive the schools of one half the present school fund. The argument of those in favor of diverting the 16th section fund among other funds is, that taxation cannot be reduced unless the public school fund is cut down in some way. The annual revenue of the State is something about eight hundred and seventy thousand dollars and of this the public schools absorb about four hundred thousand, leaving a balance of about four hundred and seventy thousand to run the machinery of the State Government, including the judiciary, executive and legislative departments, to say nothing of the Penitentiary, the insane Asylum, Deaf, Dumb, and Blind Asylum, and other clysmository institu-

tions. The bill was killed and the old school law stands.

It will be gratifying to your readers to know that the Kuklux law providing that counties may be sued in cases where men were killed by disguised men, or mobs (as in the Luke case) is repealed. This will in all probability let Calhoun out of about five thousand dollars. In the House to-day was passed a Senate bill of some importance to the people of Alexandria valley, at least so represented by the gentlemen who came down to lobby the bill through. I refer to the bill to prevent the sale of spirituous liquors within five miles of some church near Alexandria. It is understood that the same will close up the doggeries of Lip French, and the colored man named Greene, whose name I have forgotten. The bill for the abdication of the City Court of Selma, (where a negro judge presides) cannot be got up, owing to the opposition of the Radical minority, before the recess. We will pass it, before adjournment. The resolution for the appointment of a committee to investigate charges against the notorious and infamous Judge Keels of Eufaula shared the same fate, but it will pass the House after the recess. The Judge and many other shining lights are absent from Barbour county now, and it is thought will never return. To-day and yesterday, many local bills for the benefit of citizens of Calhoun have been introduced. They cannot pass until after the recess. The Board of Education has passed a bill which provides that the county Superintendents of Education can certify the amounts of school funds paid by mistake into the treasury by tax collectors, to the State of Public Instruction, who shall draw his warrant in favor of the County Treasurer for the same. About thirty counties are in this fix, among them Calhoun; but as soon as there is any money in the Treasury it can be brought back to the County through the Auditor's warrant. A great many bills looking to the recovery of this mistakenly paid in fund to the counties have been introduced, but most of them have failed, as it is understood the question of the Board covers the whole question. Even if it did not, the Auditor could issue no warrant under them now as he is expressly forbidden by a clause in the funding bill from drawing his warrant when there is no money in the treasury. The whole concern is out of money. It is understood the Governor will negotiate a temporary loan to morrow, sufficient to enable members to reach their houses.

THE FARMER ELEMENT

largely predominates in the House. Most of them are men of fine sense, but of little legislative experience, and consequently are for the most part silent members. When they become better acquainted with parliamentary tactics they will be heard from. The members immediately surrounding Calhoun all reflect credit upon their constituency and the section they represent.

Senator Inzer is one of the hardest working men in the Senate. He works late at night and is up early. Although only a month old Senator he already commands the respect and consideration of the Senate whenever he addresses himself to a question.

Frank Dillon, the Representative from the same county is one of the most quiet men I know. He is rather timid than otherwise, but today on the educational bill he found him self at home and really distinguished himself. He made a capital speech and made the House open its eyes; and what is more, he and those who took sides with him carried the point.

Mr. White, the Representative from Dr. Sheppard's Cleburne county is a man of few words, but very prompt and observant. He readily sees the drift of his constituents' bill. He made a capital speech and made the House open its eyes; and what is more, he and those who took sides with him carried the point.

Mr. Bell of Cleburne, is one of the quietest members of the House. He seems to have only one object and aim in view, and that is to carry out the will of his constituents. Although some of the measures he introduced failed, he nevertheless gave expression to the wishes of his people through bills. He is a kindly, quiet man, and one that will win the regard of the House when members become acquainted with him.

I forgot to mention that there was introduced some days ago a lead option on liquor bill, which will, if passed, rid the Legislature of petitions to pass special prohibition bills for small areas. It provides that on application the Probate judge may order an election in the limits prescribed for the prohibition of the sale of liquor and if a majority vote "prohibition," then the Probate Judge shall issue no license for the sale of it in such territory &c. It takes the question away from the Legislature and turns it over to the people of the various beats, and I am disposed to vote for it when it comes up for recess, as it will save the State great expense in legislation.

Yours, &c.,

L. W. GRANT.
